Subject: Citizen Inquiry regarding their water sample results?
Importance: High

Hi Cynthia and Paula,

I received a call from Linda Kornelson who lives at 8329 County Road 203 in Durango. They have sludge in their ditch. The water was tested on Sunday but they have had not call back as to the results. Who should they contact or who there can reach out to them? I'll call her back and let her know I've past on her information and I will give her the JIC line as well. Could someone confirm that they'll follow up with her? She can be reached at 970-382-1448. At a minimum please reach out to her and let her know we're working on it.

Thanks, Libby
